Notice Concerning Revisions to Consolidated Full-Year Financial Results Forecast

Based on recent business performance trends and other factors, Futaba Industrial Co., Ltd. (the “Company”) hereby announces that the Company has revised consolidated full-year financial results forecast announced on July 30, 2026, as follows.

1. Revisions to consolidated financial results forecasts for the current fiscal year (From April 1, 2026 to March 31, 2027)

	Consolidated net sales	Consolidated operating profit	Consolidated ordinary profit	Profit attributable to owners of parent	Consolidated earnings per share

Previously announced forecasts (A)	690,000	19,000	19,000	14,000	156.65
Revised forecasts (B)	713,000	18,000	17,000	12,000	134.36
Change (B-A)	23,000	-1,000	-2,000	-2,000

2. Reason for revision

Net sales are expected to increase from the previously announced forecast, mainly due to increases in material rates and direct supply parts prices. On the other hand, profits at each level have been revised downward from the previously announced forecast, reflecting factors such as lower-than-expected automobile production volumes by customers in the China segment and the impact of the downsizing of production operations in the U.K.

Note: The above forecasts are based on currently available information, and actual performance may differ from the projected figures due to various factors in the future.
